## MOVE TO ABOLISH THE LICENSE TAX

Doctors and Others Appear Before Joint Council Committee to Make Plea.

A RICHMOND MAN SPEAKS

Charter Records of Two Important Business Enterprises In Petersburg.

(Special to The Times-Dispatch.).

PETERISBURG, VA., March 27.—Physicians, dentists, life insurance agents and other workers in various occupations made arguments for reduction of the city license tax on them before the Finance Committee of the Council and Board of Aldermen this afternoon, Urs. H. G. Leigh, J. M. Burke and W. C. Powell voiced the opinion of the medical faculty that the city license tax of twenty-five deliars, with the income tax of \$1.40 per hundred above a thousand dollar income, in addition to the State taxes on their profession, made any unjust burden of faxation. The fact that thirty-eight States had removed the tax was especially emphasized by the doctors, who also made the point that the gratuitous services rendered by every medical man were worth far more to a community than the average tax.

were worth far more to than the average tax. A. B. Blair, of Richmond, representing the Travellers' Insurance Company, spoke for the removal of the one Bundred dol-lars' Heense tax on life Insurance com-

panies.

After the arguments by professional and business men prominent committeemen said that any important changes in the city icense tax ordinates for the coming year would be very improbable. The new ordinance will be reported to the Council and Board of Aldermen at the April meeting and goes into effect May 1st.

#### FLIPPIN SUIT.

Depositions to be Taken at Crewe

Depositions to be Taken at Crewe for Newberg, N. Y., Car Co. (Special to The Times-Dispatch.)
GRIDEN BAY, VA., March 37.-Mr. R. E. Cabell, of Richmond. Va., was here for a few hours to-day, representing the electric car company, of Newberg, N. Y., against which Colonel William T. Filippin, who claims to be the father of Charley Flippin, who was killed at Newburg, N. Y., some time last year, has entered suit for the sum of \$25,000.

It will be remembered that at the time of Filippin's death, and when his remains were brought to Burkeville for interment they were accompanied by several members of a milliary company, of which Filippin was a mamber, thoy believing that he was a Caucasian, but upon arrival at Burkeville with the corpse, they found that Filippin was not a white man, and left at once for their homes, after carrying out as briefity as possible, the rites they came for the purpose of observing.

An examination of the witnesses will

ing.

An examination of the witnesses will be held in the town of Crowe to-morrow morning. Mr. Cabell will leave on the 6 o'clock train this evening for Crowe. Colonel Flippin, the plaintiff in the suit, is a citizen of this county, moving here many years ago from Burkeville, where the man who was killed by the electric car was born and raised, and as it is understood, employed Messrs. Lee and Thompson, of Farmville, as his attorneys in prosecuting his suit.

#### The Food Value of Good Beer

To-Day It is a Recognized Fact That Deer is a Food of Great Value.

To-Day it is a Recognized Fact That

Beer is a Food of Great Value.

Pabat Blue Itibion Beer is a food of remarkable monitaling value as well as a delicious appetizing beverage. Taken with meals it is a tonic of unduestioned merit and a splendid ald to digestion. The small amount of alcohol contained in it—only 3-12-per cent.—is insufficient to act as a simulant unless used with extreme immoderation and yet on quote Dr. f. M. P. Smutwick of La Grange, S. C., it is sufficient to "aid digestion by increasing the activity of the stomach." He says further: "I do not think the moderate use of beer injurious to the moderate use of beer injurious to the incident of adults. I believe is to be of great-iccnedit by adding digestion and inspiritation. I think beer is of food value to the human organism on account of the splat and cereal ingredients it contains. Probat Blue Ribbon is a product of reight-day mult and choicest hops. It contains all the carbohydrates, protelos, potash and phosphorus, etc., found in the mult which, with the tonic qualities of the hops, make it of as great comparative food value as bread or milk. In fact, Liebig, the celebrated German chemist, called pure beer "liquid bread."

Pabst Blue Ribbon is a superior beer in point of purity and cleanness. No housewife takes more care or more pride in the spotless cleanliness of her kitchen than do the proprietors of the Pabst brewery in the absolute cleanliness of their plant and the perfect purity of the ingredients used in the manufacture of Pubst Blue Ribbon Beer.

Pabst Blue Ribbon Beer should be in every home. It is without question the best beer for the sick or the well, because it tones and invigorates at the same time that it furnishes strength and health building material for the body. In support of this statement Dr. James it, Pilcher of Carlyle, Pa., permanent Scretarry of Military Surgeons of the U. S., and first Vice-President of the Associati

a mixed audience it the Spirit." Matthem 2:11. He called attention to the
fact that baptism, when employed with
reference to the Spirit, is a figuralive exdress of in other words, it did not involve the literal baptism, but is none the
less real on that account. Things are
not imaginery because they are spirittual. The Apostle Paul said: "There is
a natural body and there is a spiritual
body." The latter is as real as the
former, and the baptism of the spirit is
as real as baptism in water. And, in
fact, is symbolized by water baptism.
Those who receive the buptism of the

largest timber deal reported in this county was made by the Blackstone Manufacturing Company during the past week, when they disposed of their entire holdings in Lun-shurg for \$250,000. A large portion of the timber disposed of in this deal stood near the Nottoway line and lay along Nottoway filver. It was purchased by Pennsylvania capitalists, and the report says that they will put in one of the most up-to-date manufacturing plants.

Including this saie it is estimated that nearly a half million deliars' worth of standing timber has changed hands within the borders of this county willing the past three years. Speculation has been almost wild, and the small parcels have been gathered in until the entire holdings are controlled by about four companies.

Not onty are they purchasing the timber, but in a great many instances they have secured the lands also, and thousands upon top of thousands of acres of land have been disposed of at good prices, and as a result the people generally are in good condition financially. Mony is circulating mere freely than for a number of years, past. Various farmhouses are being bulk and improved, and the lands are also receiving their portion of the wave of prosperity.

Masonic Hall here last night. Mr. Morris,
past grand master, delivered a fine address, giving a history of the institution
and the good they had accomplished, and
appealed not only to the men of the place
to aid and support the order, but expressed a hope that the ladies of the
town would form a "Rebecca" lodge here,
in conjunction with the male society.

A general invitation had been sent out
for supper, and the lodge entertained
a large number of men, women and children in a handsome manner, serving
meats and refreshinents. All had a happy
time.
